

# PipBoxer V4.0.0 Installation Guide

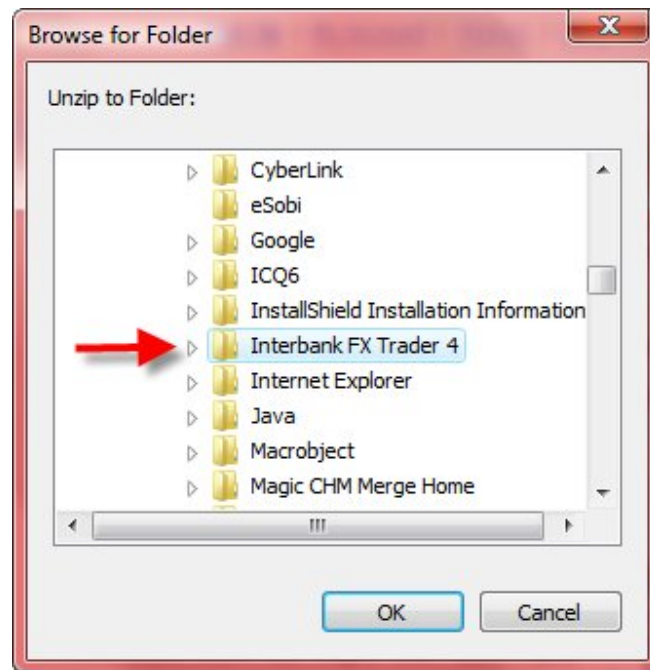

## PipBoxer V4.0.0 Installation Guide

The installation of PipBoxer V4.0.0 is easy.

1. Run the executable installation file (i.e. "PipBoxer-GridBoxer-ITM.exe").
2. In the WinZip Self-extractor window click the Browse button.

3. In the "Browse to Folder" window locate the folder that you have installed MetaTrader 4 in. For example "C:\Program Files\Interbank FX Trader 4".

4. Click OK.
5. Click Unzip. You're done!
6. Open MetaTrader 4 (MT4) and attach the EAs to the charts. Make sure to change the necessary settings according to the guidelines provided in the User's Guide and Cheat Sheet documents. If MT4 is already open, close it and then open it again to see the EAs in the list of EAs. If you are not familiar with attaching EAs to charts refer to the section 2 of the User's Guide.

You may refer to our installation videos to learn more about the steps you need to take to install your product. The videos are available on the following page:
